

## Syracuse Habitat for Humanity ReStore Fact Sheet

The mission of the Syracuse ReStore is to divert usable building and home improvement materials from local landfills; we do this by selling donated materials to the general public at a fraction of typical retail prices. All proceeds are used to help support Syracuse Habitat for Humanity, to help fulfill Habitats' mission of providing home ownership opportunities for low-income families.

### How does it work?

The ReStore accepts donations of building and home improvement materials. Please view our acceptable items list or contact the ReStore if you have questions about donations. If you would like to make a donation, we will be happy to arrange a pick-up to come and get your donation at your convenience. Please contact the store (475-9172) to make the proper arrangements. You can also drop off a donation during the ReStore's hours of operation.

### The ReStore hours of operation are:

**Monday – Thursday:** 10:00am – 4:00pm

**Friday:** 10:00am – 6:00pm

**Saturday:** 10:00am – 4:00pm

**Sunday:** **CLOSED**

### What do our profits help support?

All of the profits earned from the ReStore directly help benefit future builds by the Syracuse Habitat for Humanity affiliate.

### What types of products do we sell and where do they come from?

The ReStore inventory is predominately comprised of items accepted as donations. Typical inventory includes, but is not limited to, drywall, moldings, doors, siding, lumber, plumbing, hardware, sinks, toilets, bathtubs, showers, cabinets and countertops, roofing materials, electrical hardware, lighting, wall and floor coverings, windows and many other home improvement items. All products for sale are new or usable and are evaluated by the ReStore staff for functionality and customer appeal before being accepted as a donation.

## **How can I donate?**

If you have an item you would like to donate, please check our acceptable items list on our website and stop by the store during the hours of operation to drop off your donation. If your donation is too large or heavy to move, please contact the ReStore and arrange a time for the store to pick up your donation based on your availability. Your donation to the store may be tax deductible, please contact the ReStore for more information. Thank you for your support!

## **How can I volunteer?**

The ReStore has many volunteer options. We are always looking for volunteers in the store to help run the cashier, assist customers and assist with unloading donations. Please be sure to fill out a volunteer form from [www.syracusehabitat.org](http://www.syracusehabitat.org). If you have any questions about volunteering, please feel free to contact the ReStore!

## **What is deconstruction?**

Deconstruction is the hand demolition of buildings in the reverse of their creation. If you would like to learn more about deconstruction, please view our Deconstruction FAQ document on our website. This will provide an overview of another funding method by the ReStore. Please do not hesitate to contact the ReStore with questions about deconstruction!
